

## Key Words

<b>A</b>			choangioplasty	112	endoscopic sphincterotomy	124, 749	
abnormality of bile duct	135		cholangioscopy	229	endoscopy	765	
acute cholangitis	11, 721		cholecystectomy	174	ERCP	28, 142, 150, 229, 757, 777	
acute cholecystitis	11, 181, 721		cholecystitis	174	ethics	17	
adjuvant chemotherapy	167		cholecystocolonic fistula	105	EUS	150, 229	
adverse events	124, 142, 757		cholecystohepatic duct	135	EUS-FNA	150	
AI	78		choledochoduodenal fistula	667	extrahepatic bile duct	167	
antegrade treatment	229		choledocholithotomy	700	<b>F</b>		
antimicrobial therapy	721		cholesterol polyp	614	fibrous polyp	196	
arterial resection	642		clinical practice guidelines	61	fishbone	736	
autoimmune pancreatitis	61, 601, 628		clinical research	17	free air	187	
<b>B</b>			coil embolization	642	<b>G</b>		
balloon assisted endoscope	28		colon metal stent	105	gallbladder	53, 614	
balloon endoscopy	229		common bile duct stone	11, 700, 730	gallbladder cancer	105, 181	
basket impaction	220		communicating accessory bile duct	196	gallbladder duodenal fistula	690	
basket wire fracture	220		congenital defect of the gallbladder	91	gallbladder metastasis	174, 684	
bile duct biopsy	777		Csendes classification	112	gallbladder torsion	181	
bile duct cancer	86		cystic duct cancer	706	gallbladder wall	53	
bile duct stone	736		<b>D</b>			gallstone ileus	690
biliary	621		Delphi approach	61	gastric cancer	684	
biliary cannulation	28		diagnostic criteria	601	genetic analysis	99	
biliary dilatation catheter	690		diarrhea symptom	659	genome medicine	70	
biliary drainage	749		dissemination via pancreatic duct	99	<b>H</b>		
biliary mucinous cystic neoplasm	129		distal biliary obstruction	204	hepatectomy	765	
biliary plastic stent	117		double bile ducts	196	hepatic dysfunction	91	
biliary puncture cholangiography	28		double cystic ducts	196	hepatobiliary cystic lesion	711	
biliary stent	730		double-balloon endoscope	736	hepatolithiasis	765	
biliary tract cancer	70		duodenal papilla	749	high frequency microsatellite instability	650	
biliary tract disease	78		<b>E</b>			hilar cholangiocarcinoma	642
biliary tumor	659		electrohydraulic lithotripsy	690	hilum stenosis	635	
Bismuth type IV	236		electronic hydraulic lithotripsy (EHL)	730	<b>I</b>		
Bouveret's syndrome	690		emphysematous cholecystitis	187	IDUS	150, 777	
breast cancer	174		ENBD	757	IgG4-related disease	601	
<b>C</b>			endoscopic biliary drainage (EBD)	204	IgG4-related sclerosing cholangitis	61, 601, 628, 777	
CADe (Computer-aided Detection)	78		endoscopic extraction for bile duct stones	124	immune-checkpoint inhibitor	70	
CADx (Computer-aided Diagnosis)	78		endoscopic papillectomy	150	incidental gallbladder cancer	53	
calcium carbonate stone	220		endoscopic sphincterotomy	11	inflammatory polyp	614	
CAP (Computer-aided Prediction)	78					insurance medical care system	621
carcinoma of the duodenal papilla	99						
carcinosarcoma	677						
cholangiocarcinoma	213, 765						

intra-abdominal abscess	743	molecular targeted agent	70	pumobilia	187
intracystic papillary neoplasm	614	mucinous cystic neoplasm of the liver	711	pyloric gland adenoma	614
intraductal papillary neoplasm of the bile duct	772	multi-institutional survey	765	<b>R</b>	
intraductal papillary neoplasm of the bile ducts	159	<b>N</b>		recurrence	650
intrahepatic cholangiocarcinoma	650	NEN	213	regulation	17
IPMN	99	NET	213	rendzvous technique	635
IPNB	129	neuroendocrine carcinoma	86	robot-assisted	621
isolated bile leakage	635	neuroendocrine tumor	677	<b>S</b>	
<b>L</b>		<b>O</b>		self-expandable metal stent	757
laparoscopic	621	oncocytic type	772	self-expandable metallic stent (SEMS)	667
laparoscopic cholecystectomy	91, 743	<b>P</b>		serous	659
laparoscopic common bile duct exploration	700	pancreatic cancer	667, 736	spilled gallstone	743
laparoscopic surgery	700	pancreatic drainage	749	stent-stone complex (SSC)	730
liver cirrhosis	135	pancreatic guidewire cannulation	28	steroid therapy	628
local progression	53	pancreaticoduodenectomy	736	steroid trial	777
long-term prognosis	159	pembrolizumab	650	surgery	684
lower bile duct cancer	706	percutaneous transhepatic cholan- gioscopy	11	systemic therapy	70
lung metastasis	650	perforation	749	<b>T</b>	
<b>M</b>		peri-pancreatic lymph nodes	204	tissue-ingrowth	117
MCN	129, 711	periampullary perforation	757	Tokyo guidelines	721
metachronous	684	perihilar cholangiocarcinoma	236	trans-cystic ductal common bile duct exploration	700
MiNEN	86	peroral cholangioscopy	730, 772	troubleshooting	142
MiNEN/MANEC	167	personal information	17	tubular growth	659
minimally invasive	621	portal vein resection	642	tumor thrombosis like lesion in the bile duct	236
Mirizzi syndrome	112	PTBD	635		
mixed neuroendocrine-non-neuroen- dochrine neoplasms	677	PTCS	220		
		pulmonary adenocarcinoma	204
