

International Symposium 2
"Cutting Edge of Laparoscopic and Robotic Surgery"

- S2-1 **Mesopancreas dissections in robotic pancreaticoduodenectomy**
Shin-E Wang (Taipei Veterans General Hospital)
- S2-2 **Cutting edge of SP Robot in Biliary and Pancreatic Surgery**
Chang Moo Kang (Yonsei University)
- S2-3 **Our strategy for robotic pancreaticoduodenectomy**
Yasuyuki Fukami (Aichi Medical University)
- S2-4 **The introduction and standardization of robotic pancreaticoduodenectomy.**
Yutaka Takeda (Kansai Rosai Hospital)
- S2-5 **Minimally invasive surgery for congenital biliary dilatation: Return to robotic from laparoscopic surgery**
Takanori Morikawa (Tohoku University)
- S2-6 **Robotic surgery for congenital biliary dilatation.**
Kohei Nakata (Kyushu University)
- S2-7 **Robot-assisted biliary tract reconstruction**
Takeshi Takahara (Fujita Health University School of Medicine)
